### **Elder Law, Health Care Reform and New Developments**

You're invited to join the Elder Law Committee for an in-depth look at some of the issues that affect your clients and your law practice. There has not been a hotter issue in the national arena this year than health care reform. Learn about the impact it may have on you and your clients. Present and prospective Medicare beneficiaries, nursing homes, health care providers and small businesses, among others, should pay close attention to the new provisions. Our speaker, Vicki Gottlich of the Center for Medicare Advocacy, is a nationally prominent speaker on the new legislation.

After the health care reform discussion, we will address new developments in South Carolina law, including: the S.C. Adult Guardianship and Protective Proceeding Jurisdiction Act, the proposed changes to the Guardianship/Conservatorship/Protective Order portions of the Probate Code and an elder law case law update.
